

Central Newfoundland Regional Health Centre

Listing URL: <https://exploreexploits.ca/map/hospitals/central-newfoundland-regional-health-centre>

Central Health is a fully integrated health and community services organization which offers community based programs, and acute and long term care services. The community based services include, health promotion; health protection; mental health and addictions services; community corrections; child, youth, and family services; child care services; community support programs; intervention services; and community health nursing services. Primary health care, secondary acute care, and long-term care services are provided through the authority's many health facilities.
